

Position Details

Manager – Waterways

Mackay or Proserpine

Full-time
\$110,000-\$125,000 p.a.

Waterways

ABOUT US

Reef Catchments is the Natural Resource Management (NRM) organisation for the Mackay Whitsunday Isaac region. We facilitate change and work for long-term solutions to sustain, protect, and improve our region's natural resources and environment, both now and into the future.

Our team are skilled and outcome-focused people who are all dedicated and motivated to facilitate positive change in the Mackay Whitsunday Isaac region. We do this through listening, respecting and connecting with landholders, industry, first nations people and the community. Our local connections and insights are enhanced by an ongoing commitment to embracing new technologies and adapting to evolving standards.

Project Delivery – your impact

We are seeking a motivational, inspiring and supportive Manager to lead the Waterways team.

You will lead and manage the Waterways team to develop and deliver allocated projects. Your role includes managing the project planning and implementation of projects, leading the reporting on outputs and outcomes as per project requirements, managing stakeholder engagement and creating, leading, and fostering an inclusive workplace.

Position Overview

The role allows you to employ your strong management skills to effectively lead the team while providing support creating and maintaining team unity to achieve our overall objective of improving our region's natural resources and environment. There is an opportunity to demonstrate your exceptional persuasive communication and negotiation skills through engaging with stakeholders at various levels as well as staff members.

Position relationships – Who you will be working with

This role leads and manages the Waterways team and reports to the Program Director – Land and Water. The team currently consists of a Principal Project Officer, Senior Project Officers and Graduate Project Officers.

You will also work closely with our Sustainable Agriculture Team to deliver projects and cultivate stakeholder relationships.

About Reef Catchments – Who we are

Our work and our people make a difference

Reef Catchments are the not-for-profit, non-government natural resource management (NRM) organisation for the Mackay Whitsunday Isaac region. We facilitate change and work for long-term solutions to sustain, protect, and improve our region's natural resources and environment, both now and into the future.

We build a strong culture- Our people are our strength

Our team is comprised of skilled and outcome-focused people who are all dedicated to looking after the environment in the Mackay Whitsunday Isaac region. We value diversity, recognising its importance in creating our vision for resilient ecosystems and an engaged community. Our success hinges on building a team drawn from diverse backgrounds and life experiences. We are intentional and contemplative in shaping our team's culture, understanding that the perspectives and skills of our team members are vital. We embrace the notion that inclusion is a collective responsibility, central to our mission.

You'll thrive

This role provides a rewarding professional career path and considerable work/life balance benefits. We offer a flexible and positive work environment, with an opportunity to enhance and build your skills and experience.
